

Cyclical decorations

L&Q, Various South London Boroughs

Highlights

L&Q (London and Quadrant Housing Trust) awarded Axis a six year cyclical decorations contract in 2013, which covered the external and communal area repairs and redecoration of their properties.

The external decorations covered all previously painted metal, woodwork, brickwork, render, stucco, windows and doors, rainwater pipes, railings, grilles, doors, porches and storage structures. Communal area work improved staircases, entrance lobbies, hallways and common parts of the blocks.

Axis originally secured, through competitive tender, the 9,500 properties in the social landlord's South West regions but were later invited to also work on the South East hub, which covered a further 13,000 buildings.
