

## Internal & external works

Pembury Pre-School, Peabody, Hackney, East London

### Highlights

To add to Axis's portfolio with client Peabody, we undertook a full internal and external refurbishment and fit-out to a Nursery unit at the Pembury Pre-School.

The external scope of works included the design and construction of a curtain wall to the rear courtyard, an external safety surface playground and external canopies.

A full range of associated mechanical and electrical installations, including, fire alarms and fire stopping works were undertaken together with the designing and installing of a soil and waste pipework and fittings, overflows, traps, pumps, insulation, all connecting to serve the toilets, WHB's, sinks, external sinks, washing machine and the dishwasher. A children's and staff disabled water closet was installed above and below ground with drainage, all attached to one central system.

The final internal works was completed with a selection of bespoke furniture, fittings & decoration.
