

External Decorations and Repairs

FirstPort Retirement Property Services, Orchid Court

Highlights

FirstPort Retirement Property Services appointed Axis for a programme of External Decorations and Repairs on residential premises at Orchid Court.

Orchid Court is a fully-occupied, detached, purpose-built block of flats for independent retirement living located within its own grounds in Egham, Surrey.

Decoration works included repainting of external walls and surfaces and all window frames. All PVCu and glass surfaces required wash downs. We used the specialist DOFF cleaning method on to stonework and soldier courses, as well as seals and headers.

Roofworks on the property included moss clearance using anti-herbicide to protect materials and prevent future build up. We undertook remedial repairs including timber care.

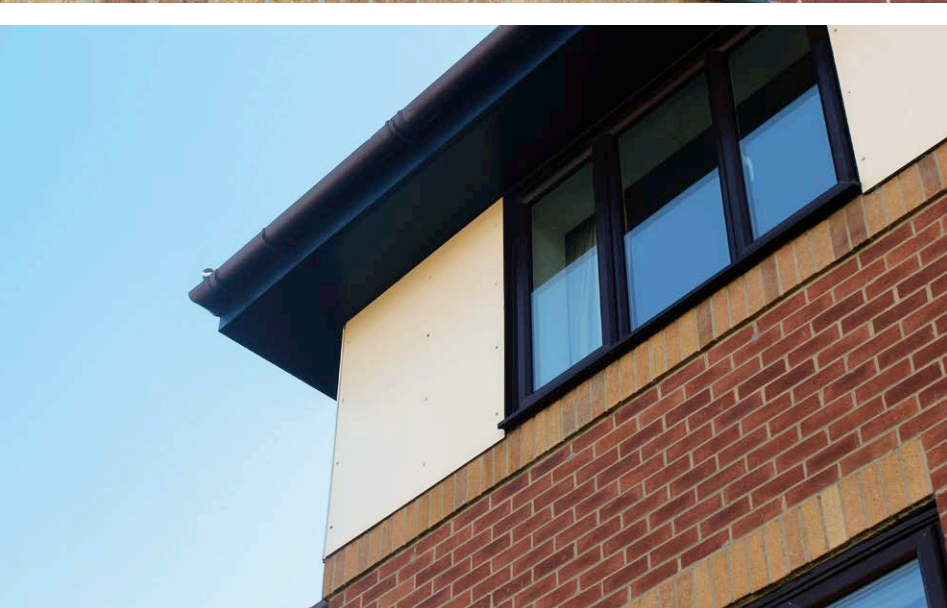

During the project, Axis took great care of the grounds of the property using a spider cherry picker and track mats to protect the gardens.

Specifications

- External redecoration
- DOFF cleaning stonework
- PVCu and glass surface cleanse
- Anti-herbicide application
- Moss clearance
- Remedial repairs
- Timber care

£22,500 value
